These cards will then available to pick up at the Time Out Shop.

The Time Out Market Card may only be used in units in the Time Out Market Lisboa food hall, to the exclusion of all others.

The amount loaded onto your Time Out Market Card is a form of prepayment that gives you access to the purchase of goods and services in the good hall's participating shops and spaces. Present your card at the moment of purchase and the balance available on the card will be used to pay, if you authorise this, with the amount in question subsequently deducted from the balance available on the card. The amount credited to or the remaining balance on a Time Out Market Card cannot be exchanged for cash.

Treat your Time Out Market Card as if it were cash. The Time Out Market cannot be responsible for lost or stolen cards or for any other unauthorised use of cards. No compensation will be paid for any card that might be lost or stolen.
